Background

CVILLE PLANS TOGETHER

Cville Plans Together

CVILLE PLANS TOGETHER

A community process for updating the future vision for the city, with a focus on equity and affordability.

Current Step:
Zoning Ordinance Update
(Comprehensive Plan Implementation)

Together, we are developing...

An **Affordable Housing Plan**, as part of the Comprehensive Plan, to create a unified strategy for housing Charlottesville's residents.

An update to the **Citywide Comprehensive Plan**, to guide the ways that the city will change and grow in the future.

An updated **Zoning Ordinance**, to ensure that development takes place in a clear and effective manner, and to work toward correcting injustice related to land use.

The New Comprehensive Plan...

CVILLE PLANS TOGETHER

Updated the future vision for the City

- Adding new **Guiding Principles**
  - ✓Equity & Opportunity
  - ✓Community Culture & Unity
  - ✓Local & Regional Collaboration
  - ✓Environmental Stewardship & Sustainability
  - ✓Connections & Access
- Updating the **Community Visions**, **Goals**, and **Strategies** for all topic areas (housing, transportation, environment/climate, etc.)

Supports the Affordable Housing Plan and shaping a more equitable community

- Setting the stage for **more housing options** and **affordability** levels **throughout the city** while working to **mitigate displacement**
- **Enhancing access** to schools, parks, food access locations and community agriculture areas
- Improving transit and **multimodal transportation** options
- Building **community wealth** and economic opportunities

Prepares for community growth and change

- Allowing for the development of **more housing types** at varying scales throughout the city in order to **support housing needs, climate goals, and more**
- Recognizing the need to address **infrastructure needs** of the community, in the short and long term, along with changes to land use and housing

And more!

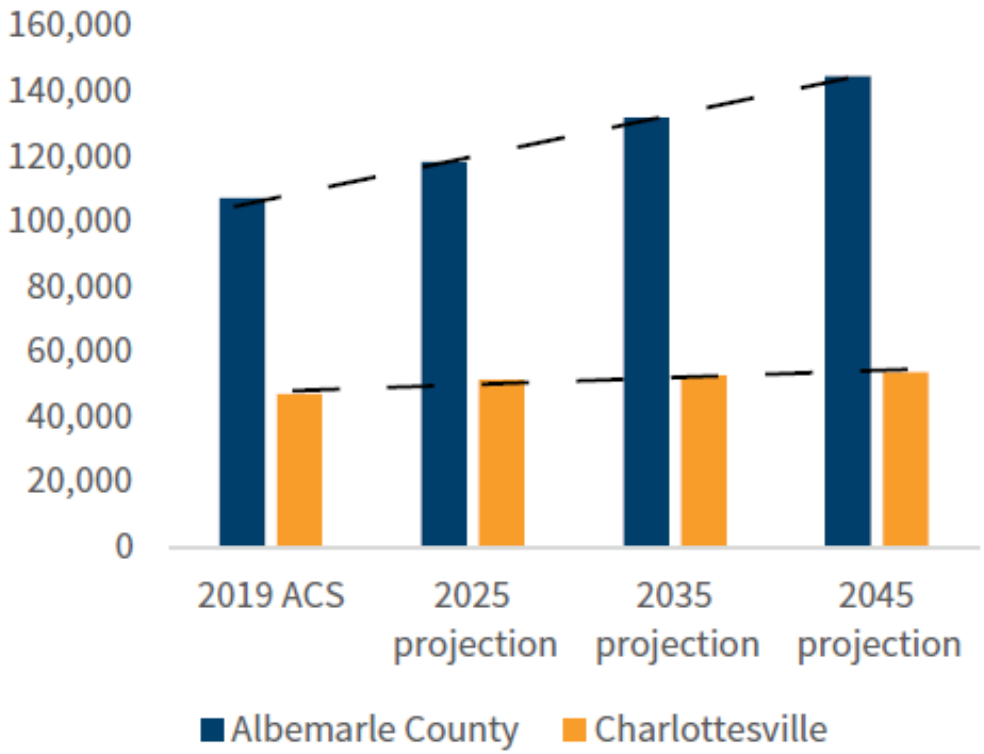
Housing & Affordability Needs

CVILLE PLANS TOGETHER

"If you look around Charlottesville, there hasn't been as much housing development, so Charlottesville population is actually not growing as quickly just the last few years and you see it picking up in Albemarle County," said Lombard. "There's kind of a budget for growth and if Charlottesville builds more housing, it grows more, if it doesn't, then it gets pushed out into the county."

- CBS19 interview with Weldon Cooper Center demographer Hamilton Lombard, Feb. 2020

- Charlottesville and Albemarle County are expected to **add 15,000 households by 2040** and the University of Virginia is growing steadily.
- **Only 30% of the city's residential-zoned land can be used for higher-density development** (above a single-family level).
  - Single-family zoning and other land use restrictions have historically been used to create and enforce racial segregation.
- **Over 2,700 renter households in Charlottesville currently pay more than 50% of their income on rent and utilities**, with most of these households earning less than $35,000 a year.



Affordable Housing Plan Overview

CVILLE PLANS TOGETHER

Vision: The City of Charlottesville will achieve a local housing market that is healthy, high quality, affordable, and above all, equitable.

Guiding Principles:

- Racial Equity
- Regional Collaboration
- **Comprehensive Approach**

Major Initiatives:

- Dedicate $10M Annually to Affordable Housing
- Build Inclusive Governance at All Levels
- **Adopt Progressive and Inclusionary Zoning Reforms**

Recommendations Related To:

Funding, Governance, Land Use, Tenants' Rights, and Subsidy

Introduction to the Zoning Rewrite

CVILLE PLANS TOGETHER

What is Zoning?

CVILLE PLANS TOGETHER

"Zoning" refers to the regulations that govern the **development of buildings** and **use of land.**

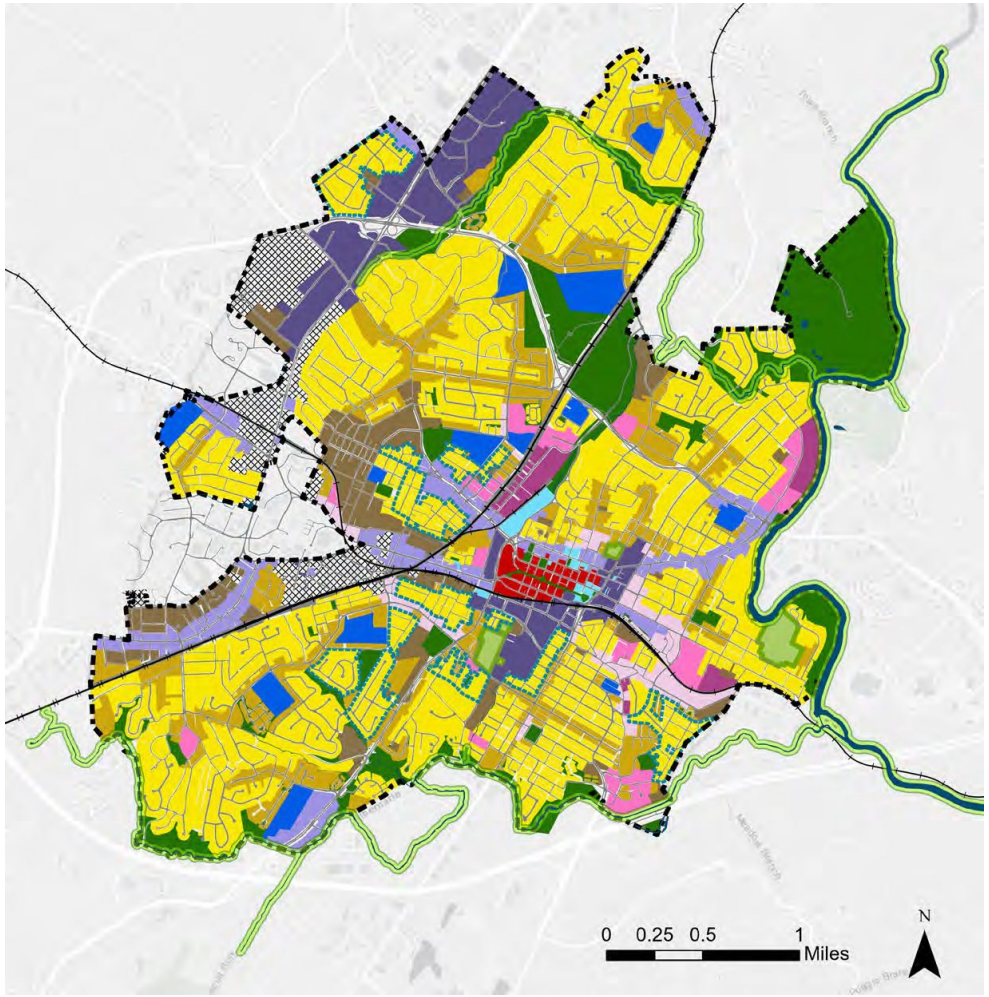
- It ensures that we construct buildings and use land in ways that promote positive outcomes for the community.
- It implements the Comprehensive Plan and other adopted documents.

Comp. Plan and Zoning Relationship

CVILLE PLANS TOGETHER

- The adopted **Comprehensive Plan, Affordable Housing Plan, and Small Area Plans** lay out the long-term vision and policy goals for the city.
- Through regulation of development, the **Zoning Ordinance** is one of the **primary tools to implement** the visions and goals of these plans.

To view the Future Land Use Map → See the **Land Use, Urban Form, and Historic & Cultural Preservation Chapter** in the Comprehensive Plan.



2021 Future Land Use Map

How Do We "Rewrite" Zoning?

CVILLE PLANS TOGETHER

All pieces of the Zoning Ordinance will be examined. The goals are to ensure that:

- 1: The Zoning Ordinance supports the Comprehensive Plan (including the Future Land Use Map) and other adopted plans, such as Small Area Plans and the Affordable Housing Plan.
- 2: We mitigate the flaws and barriers to development previously identified by City planning staff, elected and appointed officials, and the community.
- 3: The new zoning will be easier to read and apply for everyone involved.

Some sections of the Zoning Ordinance will be completely re-written while other sections may adapt or utilize text from the current Zoning Ordinance.

This is a unique process that includes a complete review and update of the zoning ordinance following adoption of an updated Comprehensive Plan and Future Land Use Map.

It is possible that analyses related to zoning could lead to changes to the Future Land Use Map.

Module 1 Introduction

CVILLE PLANS TOGETHER

What is a “Module”?

CVILLE PLANS TOGETHER

- In February-April 2023, we will be sharing the draft Zoning Ordinance in three parts, or “modules”.
- Each module contains sections of the Zoning Ordinance.

Module 1

- **Zoning Districts, Rules of Measurement, Use Table, Zoning Map**
- *Available now*

Module 2

- **Development Standards (landscaping, parking, signs, lighting, etc.)**
- *Plan to release during the week of March 13*

Module 3

- **Zoning Administration (review processes)**
- *Plan to release during the week of April 3*

Module 1 Contents

CVILLE PLANS TOGETHER

Zoning Map

- The Zoning Map divides the city into areas of land called “zoning districts” and indicates the parcels that fall within each district.

Zoning Districts & Rules

- The district rules and regulations determine the urban form and land uses allowed on each parcel.

Use Regulations

- Specify what you can and cannot do in each of the districts, including uses that are allowed “by-right” (without special permissions) and uses that are allowed with approval of a Special Use Permit.

Review Module 1 & Related Materials

CVILLE PLANS TOGETHER

CVILLE PLANS TOGETHER

Zoning Tools to Support Affordability

CVILLE PLANS TOGETHER

What is "affordable"?

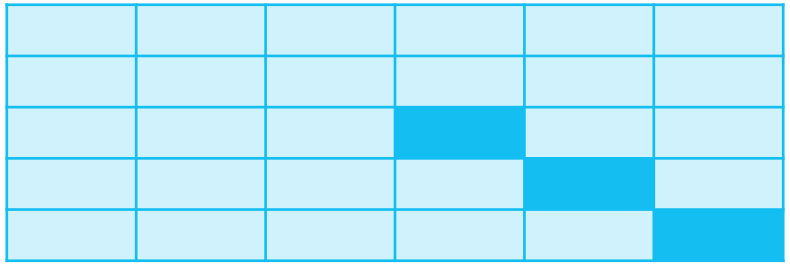
In general, we are **defining affordable** as a housing unit where monthly payments for housing (including utilities) **do not exceed 30% of monthly income** for someone whose income level is at or below **60% of Area Median Income (AMI)**.

In 2022, **60% of AMI is $62,900 for a four person household**, which means that **monthly costs should be $1,573 or lower** for a household that size, at the 60% AMI income level.

Inclusionary Zoning

Helps meet housing needs through the **required** creation of affordable housing that the housing market would not otherwise address or build.

- If new construction or any rehabilitation, conversion, or renovation of existing buildings includes **10 or more units of housing in any district, it is required** to include **10% of units affordable** to households at or below 60% AMI (see blue box).



Affordable Housing Density Bonus

A density bonus is different from an Inclusionary Zoning policy because it is **optional**.

- In the residential districts (R-A, R-B, RC), **double the base units are allowed if ALL units are affordable** (see blue box).
- **There is also a height-based bonus that applies in all mixed-use districts.** For all mixed use zoning districts, two additional stories in height are allowed if 10% of units are affordable to people at or below 50% AMI.

DRAFT RULES FOR ZONING DISTRICTS

2.9.2. **Size for Subdivision**

A. **Area**

The total square footage within the boundaries of a zoning lot.

1. **Intent**

   To help ensure newly established zoning lots are generally consistent with traditional development patterns in the neighborhood and within the same zoning district.

2. **Applicability**

   a. The minimum zoning lot area requirement applies only to zoning lots approved and recorded on or after the effective date of this Code.

   b. Any use allowed in the zoning district may be established on a zoning lot approved and recorded before the effective date of this Code, regardless of size of the zoning lot, provided, that all other requirements of this Code are met.

   c. The minimum zoning lot area requirement does not apply to sublots.

3. **Standards**

   All zoning lots must have an area no less than the minimum zoning lot area required by the zoning district.

4. **Measurement**

   a. Zoning lot area is measured horizontally as the total land area within the boundaries of a zoning lot.

   b. Zoning lot area includes all portions of a zoning lot allocated for required easements.

   c. Zoning lot area does not include portions of a zoning lot required for land dedicated to public use.

Use Definitions

DRAFT

DIV. 3.2. USE DEFINITIONS

3.2.1. Use Interpretations

A. Uses are organized by use category (such as Household Living or Group Living) and then by specific use within that category (such as General Household Living or Manufactured Home Park). Use categories do not have permissions; they are used to organize specific uses with similar attributes. Specific uses within each use category have permissions that determine if that use is allowed in a particular zoning district.

B. When a proposed use is not listed, the Zoning Administrator has the responsibility for determining whether the proposed use is similar to an already listed use. Where a use contains a list of included uses, the uses on the list are to be considered example uses, and not all-inclusive. The Zoning Administrator will first determine what use category the use is most similar to, and then determine the most similar specific use.

C. When a proposed use is found by the Zoning Administrator not to be similar to an already listed use, the use is not allowed.

D. When determining whether a proposed use is similar to an already listed use, the Zoning Administrator will consider the following criteria:

1. Actual or projected characteristics of the use.
2. Amount and nature of any nuisances generated on the premises.
3. Type, size, nature and arrangement of buildings and structures.
4. Relative amount and types of sales.
5. Relative number of employees and customers.
6. Hours of operation.
7. Number of vehicle trips generated, types of vehicles, and parking demand.
8. Anticipated amount and type of outdoor storage.
9. Likely impact on adjacent properties.

E. Multiple principal uses are allowed on a lot when the uses are all allowed in the district and the standards for all uses on the lot can be met.

3.2.2. Residential Uses

A. Household Living Use Category

Residential occupancy of a dwelling unit by a household. A household is considered one or more persons living together in a dwelling unit, with common access to, and common use of, all living, kitchen, and eating areas within the dwelling unit. Tenancy is arranged for 30 days or more. Household living is consolidated into the following specific uses:

Use Standards

DRAFT

DIV. 3.3. USE STANDARDS

3.3.1. Applicability

The following use standards apply only where the Use Table in *Sec. XX* includes an asterisk (*) for the use permission in the applicable zoning district. Where no asterisk is present in the Use Table, these use standards do not apply.

3.3.2. Residential Uses

A. Household Living

1. Manufactured Home Park

a. All spaces within a manufactured home park must be and remain under single ownership.

b. The following requirements apply in lieu of underlying zoning district standards:

i. The minimum number of spaces in a manufactured home park is 10.

ii. The maximum density is 12 spaces per acre.

iii. The minimum area for each space is 3,000 square feet.

iv. The minimum distance from street right-of-way or interior lot line of contiguous lot is 25 feet.

v. The minimum distance between manufactured homes, and between a manufactured home and any other building or structure is 15 feet.

vi. The maximum height of the manufactured home is 18 feet.

vii. The minimum manufactured home space dimension is 30 feet.

c. Transitions and Screening

i. A Transition Type X must be provided *(See Sec. XX)* along all common lot lines.

ii. A Frontage Screen X must be provided *(See Sec. XX)* along all street lot lines.

3.3.3. Public and Institutional Uses

A. Communication Facilities

[Will include or point to Article IX, Division 5, Telecommunication Facilities in this section.]

3.3.4. Commercial Uses

A. General

In a RX- District, commercial uses must not exceed 25% of the floor area on a lot.
